

SCHOOL VISION

Subject Matter

We provide learning content that builds skills to deliver a sustainable built environment.

Target Audience

We deliver a School free at the point of use for anybody who works in, or may aspire to work in, the built environment sector.

Accreditation

We will offer CPD-accredited learning where appropriate and learning that contributes to professional qualifications.

New knowledge

We engage with industry, academia and research organisations to instigate and seed fund new research that can be translated into School learning content in the future.

Leadership

We establish the School as the centre of excellence with respect to developing supply chains to deliver a sustainable built environment.

Geographic reach

We seek global best practice to reach Partners' supply chains across Ireland and outside Ireland, where appropriate. Our delivery partner will respond to opportunities to franchise the School at their own cost and risk.

Partners

We seek Partners who share the values of the School and who commit to share knowledge, contribute financially and in kind

Funding

We fund the School from Partner fees and other appropriate sources of government or industry funding as approved by the School Board. We will not ask members for money or allow commercial sponsorship of our learning content or activities.
